

Confirmation Ministry Contract

Service is an important part of a disciple's journey. It challenges us to go outside of our comfort zone and love others who might be different from us. We serve because Jesus wanted us to love one another in the way that He loved us. He did that by putting others first. He did that by giving His time to people who were ignored or forgotten.

We ask that each candidate try the following ministries at least three times before determining whether or not this is the right fit for them. At the end of those three trials we ask candidates to ask themselves, "Do I want to keep on going or try something else?" If a candidate does not feel connected, we challenge them to look in a different area.

Parish

While there is no minimum requirement to how much I should serve and love others, I know I am expected as a Disciple of Christ to serve others. As a part of the Confirmation program, I agree to serve others and participate in a ministry at my parish throughout the year.
